

Inorganic Spectroscopy

Sample Prep

- Cyanide Distillation
- Steam Distillation
- TKN
- BOD / COD Determination
- ModBlock™ & MiniMod™ Metals Digestor

Spectroscopy (ICP/ICP-MS)

- Torches, Nebulizers, Spray Chambers
- Pump Tubing
- Skimmer & Sampler Cones
- Electron Multipliers & Power Tubes
- PFA Sample Introduction Components
- Teflon Vials & Accessories
- In-Line Temperature Probe

Inorganic Standards

- Single & Multi-Element ICP Standards
- Standards for US EPA Methods
- Matrix Modifiers, Buffers, Releasing Agents
- Single & Multi-Element IC Standards
- Metallo-Organic Standards
- Custom Blends

General Chemicals

- Conductivity Standards
- Indicators & Buffers
- Titrants

Atomic Absorption Spectroscopy

- Graphite Furnace Tubes
- Sample Cups & Matrix Modifiers
- Hollow Cathode Lamps

CPI International - USA
5580 Skylane Blvd.
Santa Rosa, CA 95403
800-878-7654 Phone
707-545-7901 Fax

Organic (click for linecard)

GC/MS, SPE, TOX

- Electron Multipliers
- Photoionization Detector Lamps
- Organic Standards

Solid Phase Extraction (SPE)

- Multiposition, High Productivity SPE Extraction Manifold
- Disks for EPA Method 1664 Oil & Grease
- Disks for other EPA Methods

TOX / AOX / TOC

- Prepacked TOX Columns
- Granular Activated Carbon
- Quartz Pyrolysis Tubes & Boats
- TOC Reagents & Glassware

Life Sciences

Microbiology

- Colitag *E. coli* Test System
- Microbiology Consumables
- Coliform Bottles & Containers

Specialty Chemicals

Semiconductor

- Plating Baths
- Analyzers
- Process Chemicals
